# PRODUCT CATALOUGE 2022

I care is the only indigenous brand that provides world class quality products and has been exporting to all healthcare solution manufacturers around the world.

## I CARE STRIVES FOR FREEDOM

Freedom is like oxygen for every soul. At I care, we understand that losing mobility is a scary life challenge which threatens the very fabric of one's freedom and sense of independence. We believe in each and every individual has the right to freedom, simply because we care. That is the very reason **for the last 10 years we have dedicated all our efforts to empower people with disability with world-class products.**

With the wide range of products we have, we strive to provide the greatest possible opportunity for independence allowing individuals to move within their homes more easily resulting in increased comfort and a more active lifestyle. **I care is the only indigenous brand in India that provides world-class quality products and has been exporting to all healthcare solution manufacturers around the world.** I care is a Made-in-India brand that aims at providing hope and liberating people across the country.

## MISSION

To become the **most preferred homegrown Brand in the Healthcare Support Solution Market** within the industry and as well as amongst the consumers in the Indian Subcontinent by providing the most affordable and value-driven products and services.

## VISION

To provide Freedom to every individual who needs physical assistance across the world **by providing affordable and world-class Healthcare Support Solutions**. We strive to provide every individual the Freedom to Smile, Freedom to Work, Freedom to Grow and Freedom to be Mobile.

# Our Business Network Across the Globe

# A VISION SUPPORTED BY GREAT PASSION

**I CARE BRAND** is the result of a passionate team from Krypton Industries Limited. **Krypton Industries, headquartered in Kolkata, West Bengal is a leading multi-product organization** engaged in the production of state-of-the-art rehabilitation and healthcare products and components. It's product range includes PU Tyres, Wheels, Castors, Forks, different types of Aluminum and M.S. frames, pressed metal parts and many customized products.

Krypton Industries Limited caters to many leading manufacturers across the world. The dealer distributor network **spans across Europe, USA, Australia, Taiwan, Africa and other countries.** The company works very closely with its customers to supply them with the best possible products so as to meet their exact requirements. With a diverse product range coupled with robust distribution network, **Krypton Industries Limited markets the International Quality Healthcare Support Products as a complete offering.**

## DESIGNED FOR PERFECTION STATE-OF-THE-ART MANUFACTURING

Supplying top-quality products to our discerning customers requires excellent engineering and design, along with state of the art manufacturing. We use the latest manufacturing technologies for highest precision and lowest tolerance.

Production is the focus of our activities and is backed by our **highly skilled experts who put their expertise to work and take pride in the superior quality of our products.** It is the combination of our expertly trained staff, in conjunction with the latest production machinery that enables us to offer high-quality products.

### RUST FREE

MS Powder coated frame prevents rusting

### DURABLE

Long lasting products and easy to maintain

### LIGHT WEIGHT

Our Wheel Chairs come with glass filled nylon wheels and PU tubeless tyres while the competition offers nothing more than rubber or EVA tyres

### COMFORTABLE TO RIDE

Sealed ball bearings used in the wheels

## A CUT ABOVE THE REST

I travel 9 days with this chair, It's an excellent experience, much easier to carry, comfortable to use even good on road, it helps a lot to me to take care of my grandma. Even increase my confidence for next tour

**Rohit Tyagi - Delhi**

## EMPOWERING THROUGH DESIGN INNOVATION

At I care, We follow "Kaizen" - Japanese term meaning "change for the better" or "continuous improvement."

Everything we do stems from a forward thinking philosophy, efficient and continuous design innovation. **As we believe in individual freedom and empowerment, we understand that each individual is different, in terms of their need preferences lifestyle and expectations.** Thus we constantly upgrade our products to fit the requirements of our customers. Our highly dedicated and hardworking R&D team is constantly engaged in increasing customer ease and satisfaction through design innovation.
